Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“CAA” or the “Act”), notice is hereby given of a proposed consent decree to address a lawsuit filed by Sierra Club and the Louisiana Environmental Action Network (collectively “Plaintiffs”) in the United States District Court for the Middle District of Louisiana: Louisiana Environmental Action Network v. McCarthy, Civil Action No. 3:15-cv-00858-JJB-RLB (M.D. L.A.). On December 23, 2015, Plaintiffs filed a complaint and amended complaint alleging that Gina McCarthy, in her official capacity as Administrator of the United States Environmental Protection Agency (“EPA”), failed to perform a non-discretionary duty to grant or deny within 60 days a petition submitted by Plaintiffs on May 19, 2015 requesting that EPA object to a CAA Title V permit issued by the Louisiana Department of Environmental Quality (“LDEQ”), to Yuhuang Chemical Inc., authorizing the construction and operation of the Yuhuang methanol manufacturing plant in St. James, Louisiana. The proposed consent decree would establish a deadline for EPA to take such action.

SUPPLEMENTARY INFORMATION:

I. Additional information about the proposed consent decree.

The proposed consent decree would resolve a lawsuit filed by the Plaintiffs seeking to compel the Administrator to take actions under CAA section 505(b)(2). Under the terms of the proposed consent decree, EPA would agree to sign its response granting or denying the petition filed by Plaintiffs regarding the Yuhuang methanol manufacturing plant located in St. James, Louisiana, pursuant to section 505(b)(2) of the CAA, on or before September 1, 2016.

Under the terms of the proposed consent decree, EPA would expeditiously deliver notice of EPA's response to the Office of the Federal Register for review and publication following signature of such response. In addition, the proposed consent decree outlines the procedure for the Plaintiffs to request costs of litigation, including attorney fees.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who are not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this consent decree should be withdrawn, the terms of the consent decree will be affirmed.

II. Additional information about commenting on the proposed consent decree.

Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket.
